ATTN Chris R. Renfrow, President/CEO

Dear Mr. Renfrow:

Once again Pinellas Schools would like to thank your organization for the generous support of providing toothbrushes to elementary Pinellas School students. February is national Dental Hygiene month, and our school nurses have been provided these supplies to distribute to students as a dental hygiene lesson is presented.

Your generous support of providing 20,736 toothbrushes and 20,000 decorated plastic bags in December 2014 to benefit elementary Pinellas School students. This is a valuable contribution as students taking home the supplies will share their learned lessons with their families. The families will appreciate the tools to help encourage the students to use these lessons at home.

Donating these supplies to Pinellas Schools allows the Health Education teachers and the Health Services nurses to cooperate together with outside lesson providers, More Health of Tampa Bay, to form a strong coalition in support of student dental hygiene. Charity Works is a key partner instrumental in supporting this coordinated effort to positively influence the health of our Pinellas students.

As always, it is a pleasure to work with your very generous and professional organization to provide resources to the students of Pinellas Schools. We look forward to our continued community partnership in the future.

Sincerely,

A handwritten signature in black ink that reads 'Peggy V. Johns'. The signature is written in a cursive style.
